## WHATEVER IT IS IT'S GOT TO BE FUNKY!

Travel with Kid Kicko, through the collection of sounds from Bass, Breaks, Trap, House, Drum and Bass. The multi genre journey is a distinctive party you will not want to miss. This dance floor motivator brings a futuristic-funky-chill-vibe with hints of hiphop, turntablism and breakbeats. Kid Kicko started out as an Events and Radio DJ spinning 90's Hip Hop in Niagara Falls, and was active in the music scene organizing open mic nights, music Showcases and Niagara's first ever Hip Hop radio show on 1220 CHSC.

He eventually moved to Brooklyn, and was exposed to more eclectic sounds, which he added to his collection spinning House, Funk, Electro and Indie music. There he would come up in the LES/Williamsburg party scene.

After five years in the New York, Kid Kicko Kid relocated to Whistler BC, a resort party town nestled in the mountains of western Canada. He developed his sound even further playing Ghetto Funk, Breaks, Trap, Drum and Bass, House and a variety of Electronic Bass Music. Being extremely versatile Kid Kicko frequents the decks playing in nightclubs, special events and festivals in and around the Sea to Sky Corridor.

Kid Kicko has performed at music festivals including Believe, Bamboo Bass Fest, Tribal Revival, Sanctuary, H2O Water Fest, World Ski and Snowboard Fest and a collection of music festivals in remote locations as far as Costa Rica and Italy. Whatever the sub genres, if its good music, he plays it. But it's got to be funk!
